Online Toolbox

EUPATI
TOOLBOX

EUPATI provides open access to comprehensive information on the research and development of medicines & other health technologies through the EUPATI Toolbox, ensuring valuable knowledge is available to everyone, in multiple languages.

Patient Education

EUPATI OPEN
CLASSROOM/PETP

Stakeholder Education

EUPATI
LEARNING LAB

EUPATI empowers patients and researchers by providing targeted training. This includes patient-focused programs like the EUPATI Open Classroom and the EUPATI Patient Expert Training Programme (PETP), as well as researcher-oriented education through the EUPATI Learning Lab.

Connecting Patients & Researchers

EUPATICONNECT

Through EUPATiConnect, EUPATI brings together patients and researchers, facilitating meaningful engagement. At the local level, EUPATI National Platforms unite stakeholders from various backgrounds to create impactful change in their communities.
